* We are members of the PBFA association of booksellers and regularly exhibit at fairs around the country. Please see inside the back cover for a list of forthcoming fairs we shall be attending.

* I am a member of various polar groups, including the Friends of SPRI, the Devon and Cornwall Polar Society and the James Caird Society.
Welcome to my latest polar catalogue. With the centenary of Shackleton’s ITAE (*Endurance*) Expedition upon us I have decided to create a Shackleton Supplement this time. In the middle of this catalogue there are eight pages devoted to Shackleton books and ephemera including a rare (but incomplete) copy of his *Endurance* Prospectus (134), a cheque signed by Shackleton (126) and a copy of his first book ‘OHMS’ about troop carrying to South Africa (133). I am involved in organising the event in Plymouth to commemorate the centenary of the departure of *Endurance*. Do look at the website [www.devonandcornwallpolarsociety.org.uk](http://www.devonandcornwallpolarsociety.org.uk) for more details. You can be sure of warm Devon welcome should you decide to come.

The catalogue starts with a section of new recently published books polar books including one on Mapping Antarctica and my own book on Devon’s connections with the Heroic Age; now in its second edition! Towards the end of the catalogue is a page of polar ephemera.

If the book you are looking for is not in this catalogue, then please get in touch as I do have many other books not listed here. Please let me know if you would like more details about the content or condition of any of the books. Images can be emailed if required.

Happy reading, and best wishes to you… wherever you are

**Paul Davies**

*Many books sell very quickly therefore so it is best to ring or email straight away, then Andrea or I can reserve them for you.*

*Because of the costs involved, we regret that if you do not place an order after receiving three issues of our catalogue we will no longer be able to send it to you, unless you specifically ask for it.*

Arctic Miscellanies: Souvenir of the Late Polar Search by the Officers and Seamen of the Expedition 1852 First Edition Colburn and Co 347pp in original binding Generally tight and clean with gilt edges Spine sunned, facsimile frontis

£425

Scarce book. This book was edited by the surgeon aboard HMS Assistance during the Franklin search expedition 1850-1 using articles from the onboard paper “Aurora Borealis”. Donnet wrote that the articles showed that ancient tars had “a delicacy of imagination and power of perception” difficult to reconcile with “the honest roughness of their appearance”
